As a client of Avenues Counseling it is your right to have the content of your therapy sessions held in confidence with these exceptions in which we are mandated to report: (1) if you sign a release form for us to divulge any or all information, (2) if you intend suicide, or if you intend to do serious physical harm to yourself, (3) if you intend homicide, (4) if a child, elderly person, or disabled person is being abused or has been abused, or (5) in the case of exploitation by a mental health professional.

In some cases, the Missouri courts have held that if an individual intends to take harmful or dangerous action against another individual, it is the counselor's duty to warn the person and/or family of the person who is likely to suffer the results of harmful behavior. Every effort will be made to resolve these issues before such a violation of confidentiality takes place. Every effort will be made to prevent an attempted suicide or a dangerous action against another person.

Professional Consultation: In following ethical and professional standards, our therapists consult with other professionals to gain other perspectives and ideas on how to best serve you. Unless you have signed a release, no identifying information is shared during these consultations. **Please Note:** Counselors that are pursuing licensure in the state of Missouri are required to consult regularly with their supervisor.

I have read and agree to the above policies, procedures and statements.
